Rs 1 live payment test: exactly what to test, and where

Read this first. Normal catalogue pages (for example the home-puja cards "Griha Pravesh Rs 5,100", "Satyanarayan Katha Rs 2,100") are NOT Rs 1 items. They show the real price even when the yellow "QA pricing active" pill is visible. The pill only means platform fees are waived for your account. Only the seven items in section 2 cost Rs 1. Do not pay for anything else.

2. The seven Rs 1 items: where to find each

#	What	Exact place (darshya.online)	Price you should see	Who finishes it
1	Ganesh Puja (open to any pandit)	Open /temples/test-shri-ganesh-mandir-pune (Test Shri Ganesh Mandir, Pune). Choose Ganesh Puja, pick a slot (06:00, 10:00 or 18:00) at least 48 h ahead.	Rs 1 total. No platform fee line.	Pandit test.priest accepts it; uploads video; completes.
2	Rudrabhishek with prasad (assigned to test.priest)	Same temple page. Choose Rudrabhishek. Tick prasad (Rs 0 extra) and give an India address.	Rs 1 total.	test.priest sees it already assigned.
3	Astrology consultation, 1 minute	/astrology/7829acd3-5814-4482-a967-ac0c8bf746e7/book (Test Jyotish Acharya). Choose 1 minute. The astrologer must be online first.	Rs 1 for 1 minute.	test.astrologer joins and ends the call.
4	Wellness: QA-Rs1 Yoga and QA-Rs1 Meditation	/wellness (menu Worship or Library), instructor Test Yoga Guru. Pick the session whose title starts QA-Rs1.	Rs 1 each.	test.wellness marks attendance.
5	Store: QA-Rs1 Diya	Open /store (the list of products; there is no single-product page, so a link ending in a long id shows Page not found). Find the card named QA-Rs1 Diya in Puja Items, tap Add to cart, then open the cart and Checkout. Other store items are real products at real prices: do not buy them.	Rs 1, delivery Rs 0.	test.store ships it.
6	Gaushala donation	/gaushala, open any gaushala (for example Shri Krishna Gaushala), Donate, enter 1.	Minimum is Rs 1 for the QA account. Others see Rs 101.	Receipt DR-YYYYMMDD-XXXX.
7	Temple donation	Temple page, Donate, enter 1.	Rs 1.	Receipt DR-...; admin records transfer.

What is NOT Rs 1
Home puja cards (Griha Pravesh, Satyanarayan Katha, Navratri Puja and the rest), every other temple, every other astrologer, every other store product, paid subscription plans. Opening or looking at them costs nothing. Paying for them is real money at the full price.

3. Test order, both sides (about 45 minutes)

- Devotee: sign in as test.devotee. Confirm the yellow "QA pricing active" pill. If it is missing, stop and tell the owner.
- Item 1: book Ganesh Puja at Rs 1, pay with a real UPI or card in the Razorpay window. Save the booking number BS-YYYYMMDD-XXXXX and the Razorpay payment id.
- Pandit: sign in as test.priest in another browser. Accept the booking. Start it (allowed 2 hours before the slot), upload a short video, mark complete. Check earnings Rs 0.80.
- Devotee: watch the video, download the receipt PDF (amount reads One Rupee Only, no tax added), leave a review.
- Temple: test.temple sees the booking and the temple share Rs 0.05.
- Items 3, 4, 5: pay each, then finish them on the provider side as listed. Check each provider earns Rs 0.80.
- Items 6 and 7: donate Rs 1. Check receipt DR-... and that the gaushala or temple manager sees it.
- Refund test: book a second Ganesh Puja at least 48 h ahead, cancel it as devotee. Expect Rs 1.00 back in Razorpay. Then book one 24 to 48 h ahead and cancel: 75 paise is expected, and the result (accepted or refused by Razorpay) must be written down.
- Admin: test.admin checks the booking, commission and the refund rows.

4. What to record for every payment

- Item number and name, time, booking or order number.
- Razorpay payment id (pay_...) and the amount charged: it must be Rs 1.00. Any other amount is a bug: stop and report it.
- Screenshot of the receipt and of each role seeing the update.
- For any failure: screenshot, the exact message, the page address.

5. Do not

- Do not pay for anything not listed in section 2.
- Do not test a cancel inside 24 hours: it is refused by design.
- Do not change or delete test accounts; do not reuse the owner password anywhere else.
- Paid subscription plans cannot be tested: they show Opens soon.

6. Verified live before this guide was issued (5 Nov 2026)

Each item was checked on production as test.devotee by creating the real Razorpay order WITHOUT paying and reading the amount. Every one returned Rs 1.00 (100 paise) on the live key. The pending test orders were cancelled afterwards, except two unpaid Rs 1 donation rows that have no cancel option.

Item	Result up to order creation
1 Ganesh Puja	Rs 1.00, no platform fee
